

Enroll in Online Statements

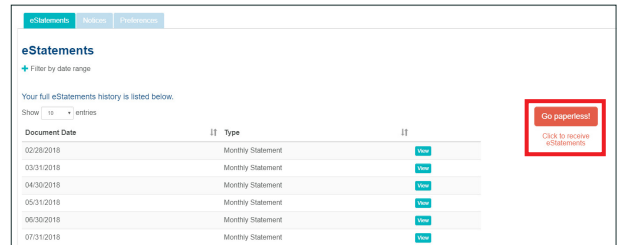

Go paperless. Save money.

Online statements are an easy way to reduce the use of natural resources. They are also faster and more secure than paper communications. When you enroll in Online statements, you will receive a monthly email reminder that your electronic account statement(s) are ready to view (and other Consumers member communications as listed in the terms and conditions of the User Agreement).

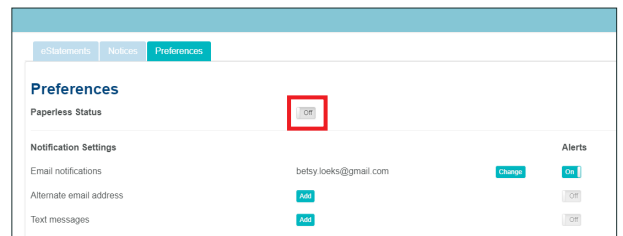

1. Log into Online Banking.
From the Additional Services tab, click **eStatements / Tax Forms**.

2. From the eStatements tab, click the "Go Paperless" button.

3. Click the toggle "Paperless Status" button from Off to **On**.
This screen also allows you to edit preferences for alerts, texting and an alternate email.

4. A "Go Paperless" box will appear.
Click to agree to the terms and conditions.
Click **Submit**.
