

Mobile Check Deposit

Deposit a check into your checking or savings account using Mobile Check Deposit with the Mobile App on your smartphone or tablet.

Note: The funds will be deposited no later than the end of the next business day.

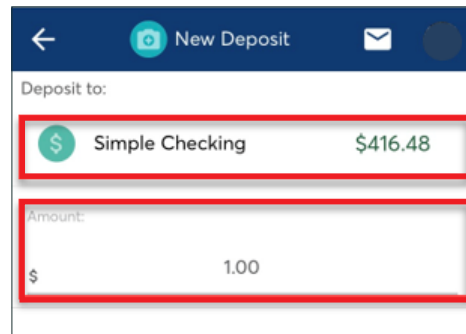

1. Tap **Deposit** from the home screen on your mobile device.

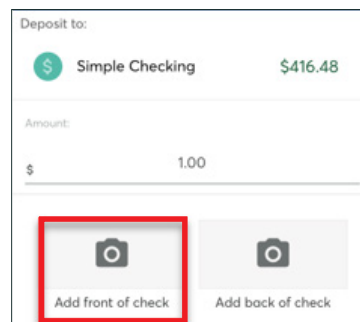

2. Tap **New Deposit**.

3. Select **which account** you would like to deposit to from the dropdown menu of available accounts, and type in the **amount** of the check.

4. To take an image of the front of the check, tap **Add front of check**.

5. The app will attempt to automatically take the photo for you. Click **Continue** and turn your phone sideways.

Note: If the auto capture is unsuccessful, you will be prompted to manually take a photo. Make sure you have the check lined up and all edges of the check fit within the box. Then tap the screen.

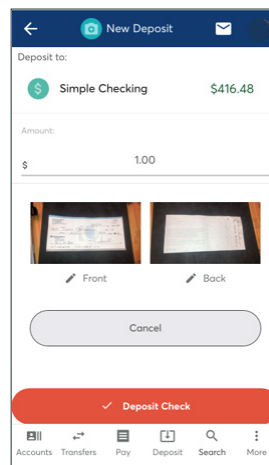

6. Follow the same process for the back of the check.

Important: Be sure to sign the back of the check and write "For Mobile Deposit" to ensure you don't deposit the same check twice.

Note: The funds will be deposited no later than the end of the next business day.

7. After you have successfully taken an image of the front and the back of the check, complete the transaction by tapping **Deposit Check**.
